Sub: Assurance to avoid double accounting by Project Owners

Dear Sir,

- I, Shailendra Singh Rao, on behalf of **M/SSuryaa Chamball Power Limited**, with details as provided in the Mandate, having my registered office at 2-O-13,14 Housing Board Colony, Banswara, Rajasthan - 327001;
- The parties identified above, herewith confirm that: We jointly have submitted the project 7.5 MW biomass-based Power Project by SCPL, India (UCR ID Number: 129) for registration with UCR Program which aims for issuance of CoUs (called as Carbon Offset Units) consequent to compliance with all the applicable requirements of UCR Program;

Authorised Actions. Shailendra Singh Rao is authorised to act for the Project Proponent with respect to state the following:

- The project was registered under CDM (Clean Development Mechanism) with CDM ID & Title- Project 0347: Chambal Power Limited's (CPL) proposed 7.5 MW biomass-based power project at Rangpur, Kota District, Rajasthan, India for the crediting period from 01st Mar 2006 to 28th Feb 2013. During this crediting period PP has taken carbon credits for entire period.
- After completion of first crediting period, PP had renewed the project for both second & third crediting periods of 7 years each, viz. from 01st Mar 2013 to 29th Feb 2020 and 1st Mar 2020 to 28th Feb 2027. During the second crediting period, PP has taken carbon credits for entire period.
- Currently, project is operational under third (3rd) crediting period under CDM and carbon credits are verified and issued till 31st Dec 2020.
- The project was not applied under any other GHG mechanism apart from CDM; also, for the current period (i.e. 01st Jan 2021 to 31st Dec 2024) of COUs, the CDM verification has not been initiated. Hence project will not cause double accounting of carbon credits (i.e., CoUs).
- Double counting with mandatory domestic targets is avoided and that host country will not use the project's emission reductions to track progress towards, or for demonstrating achievement of its nationally determined contributions (NDCs).
